

Dimmer

Description

Ref. 55020

Enables to adjust the luminous flux of one or more lamps with Rocker Push-buttons.

Installation in DIN rail track, in Panelboards.

Characteristics

Rated voltage: **230 V ~**
Consumption: **10 mA**
Frequency: **50 Hz**
Output power (load): **30 - 500 W**
Cables section: **0,2 - 2,5 mm²**
Protection Index: **IP20**
Insulation Class: **II**

Operation

Dimensions (mm)

Maximum Recommended Load
