

3-Phase Voltage Value Indicator

Description

Ref. 55011

Indicates three-phase voltage value.

Installation in DIN rail track, in Panelboards.

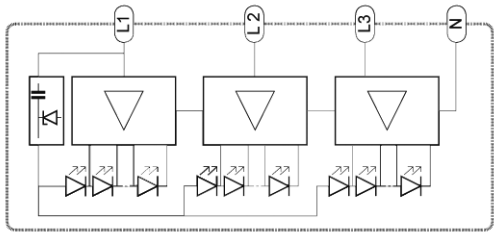

Characteristics

Rated voltage: 230/400 V ~
Consumption: 68 mA
Frequency: 50/60 Hz
Cables section: 0,2 - 2,5 mm²
Protection Index: IP20
Insulation Class: II

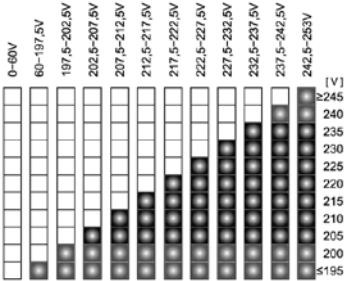

Dimensions (mm)
